## **OTHER BUSINESS BEFORE THE BOARD (for discussion only)**

Kay Warren updated the Board on their pending legislation and stated that Senator Hall-Long agreed to sponsor their legislation. Another profession in the Division, the Board of Psychology, also desired to add an inactive status so the proposed Bill combined the Board of Geology and the Board of Psychology. Ms. Warren read the synopsis of the proposed legislation for the Board:

"The bill adds a provision giving a licensed geologist or licensed psychologist the option to place his or her license on inactive status at the time of renewal instead of allowing the license to lapse. This bill would bring the Board of Geologists and Board of Examiners of Psychologists in line with most other board statutes that allow for inactive status."

Mr. Schenck stated that once the inactive status legislation passed that the Board would be ready to modify their Rules and Regulations. Ms. Warren stated that the Board would need a point of contact for the Senate committee meeting. Mr. Rambo volunteered to be the point of contact for the Senate committee meeting.

Mr. Rambo attended the spring ASBOG meeting and provided a summary of his experience for the Board. He concluded that the spring ASBOG meeting was a very rewarding experience.
